## Professional Summary

I am an Information Technology student with a strong interest in frontend-focused full-stack web development. I build responsive, user-friendly, and practical web applications while continuously improving my skills through academic projects, personal work, and hands-on experience.

## Work Experience

**Data Entry Specialist** May 2026 – Present

Haystack Solutions • Phnom Penh, Cambodia

- Promoted from intern to full-time Data Entry Specialist after probation.
- Performing data entry, validation, and quality-checking tasks across ongoing projects.
- Ensuring data accuracy and consistency to meet project standards.

### Data Entry Specialist (Internship)

January 2026 – April 2026

Haystack Solutions • Phnom Penh, Cambodia

- Worked on-site as a Data Entry Specialist Intern.
- Supported data entry, validation, and quality checking tasks.
- Completed assigned workflows using annotation and data processing platforms.
- Followed project guidelines while maintaining accuracy and consistency.
- Collaborated with the team to deliver tasks on time.

**Founder & CEO** January 2020 – Present

PCTN • Remote (Cambodia)

- Founded PCTN as a creative and tech-focused initiative.
- Leading brand development and content direction.
- Coordinating community projects and digital collaboration.
- Expanding PCTN into a recognized digital innovation group.
